

**Children's Bureau
Child and Family Services Review
Key Findings Report
Illinois Department of Children and Family Services**

The Children's Bureau and the Administration for Children and Families (ACF) administer the child and family services reviews. The reviews comprise two phases: (1) the Statewide Assessment, during which the State analyzes its child welfare data and practice, and (2) the onsite review, during which Federal and State teams examine outcomes for children and families by conducting case record reviews and case-related interviews, and assess State systemic issues through stakeholder interviews.

Following the onsite review, Federal staff prepare a Final Report, which is provided to the State not more than 30 days after the onsite review or resolution of a discrepancy. States are provided a courtesy copy of the Final Report before the official Final Report is issued. In order for the State to be found in substantial conformity in any one of the seven outcomes reviewed, the outcome must be determined to be substantially achieved in 95 percent (90 percent during the first review) of the cases reviewed. States that are found not to be in conformity on any of the seven outcomes or seven systemic factors must prepare a Program Improvement Plan (PIP) that includes action steps and benchmarks for bringing the State into conformity. The PIP is due not more than 90 days after the State receives the courtesy copy of the Final Report. This report presents key findings from the Illinois Final Report of the review.

II. Highlights of Findings

A. The State met the national standards for one of the six standards.

B. The State achieved substantial conformity for none of the seven outcomes.

C. The State achieved substantial conformity for five of the seven systemic factors.

III. State's Conformance With the National Standards				
Data Indicator	National Standard (Percentage)	State's Percentage	Meets Standard	Does Not Meet Standard
Repeat Maltreatment	6.1 or less	10.1		X
Maltreatment of Children in Foster Care	.57 or less	.57	X	
Foster Care Re-Entries	8.6 or less	8.8 ¹		X
Length of Time To Achieve Reunification	76.2 or more	51.7		X
Length of Time To Achieve Adoption	32 or more	8.8		X
Stability of Foster Care Placements	86.7 or more	81		X
IV. State's Conformance With the Outcomes				
Outcome			Achieved Substantial Conformity	Did Not Achieve Substantial Conformity
Safety Outcome 1: Children are, first and foremost, protected from abuse and neglect.				X
Safety Outcome 2: Children are safely maintained in their homes whenever possible and appropriate.				X
Permanency Outcome 1: Children have permanency and stability in their living situations.				X
Permanency Outcome 2: The continuity of family relationships and connections is preserved for children.				X
Well-Being Outcome 1: Families have enhanced capacity to provide for their children's needs.				X
Well-Being Outcome 2: Children receive appropriate services to meet their educational needs.				X
Well-Being Outcome 3: Children receive adequate services to meet their physical and mental health needs.				X

¹ Illinois' fiscal year (FY) 2001 data did not meet the national standard for this indicator. However, all cases were rated as a strength. To resolve the discrepancy, the Administration for Children and Families reviewed Illinois' FY 2002 data for this measure. Because the FY 2002 data (8.2%) met the national standard, the item was rated as a strength.

V. State's Conformance With the Systemic Factors		
Systemic Factor	Achieved Substantial Conformity	Did Not Achieve Substantial Conformity
Statewide Information System	X	
Case Review System		X
Quality Assurance System	X	
Training	X	
Service Array		X
Agency Responsiveness to the Community	X	
Foster and Adoptive Parent Licensing, Recruitment, and Retention	X
